

Beginners' method

PIANO SAFARI

Piano Safari is a piano method that incorporates the best elements of a range of techniques for teaching children and older students and combines decades of experience and a variety of teaching and pedagogical research into a detailed, effective method.

Piano Safari offers:

- A carefully sequenced, intervallic approach for learning to read music notation
- Patterned pieces taught by rote that provide engaging music for students from the first lesson
- Animal themed Technique Exercises that teach the basic motions of piano technique
- Improvisation ideas for developing creativity
- A holistic approach combining ears, eyes, and imagination that allows children to become musically literate at the piano.

Children under 10 generally start with Piano Safari Level 1 materials, such as the Level 1 Pack (£ 27.95 - SKU: 1470612399).

It includes Repertoire Book 1 and Sight Rhythm & Reading Cards 1 and contains the core of the method and is designed to promote the well-rounded development of each student.

Students 10 and up, including teens and adults, will start with the Piano Safari for the Older Student Level 1 Pack (£ 22.50 - SKU: 1470612585).

It includes Repertoire & Technique Book 1 and Sight Reading & Theory Book 1 and employs the same pedagogy used in the series for children but moves at an accelerated pace.
